

ReCap Update 1 will not install

When you download and install Recap Update 1 you get an error similar to:

Check recap.exe file version in details of properties

Default location: C:\Program Files\Autodesk\Autodesk ReCap\recap.exe

write it down

Check BuildVersion in reg key

[HKEY_LOCAL_MACHINE\SOFTWARE\Autodesk\Autodesk ReCap\R1.0\ProductSpecific]

Change the BuildVersion to match the ReCap.EXE version number.

go back into recap

have it recheck for updates / download and install
